Cinderella:

The Brothers Grimm fairy tale: a made for television movie, Broadway, Disney, another movie, back to Broadway, and most recently a story line on Bridgerton---this is a story that most of us know! Even the musical has several versions but this evening, Bishop Chatard Theatre presents the Enchanted Version of Rogers and Hammerstein's classic show. On the surface, the show seems frivolous; filled with dreams; magic and "fol-de-rol and fiddley dee". However, as we dig deeper, we see a girl who wishes for one magical evening that is filled with what every child deserves: to be seen, to be heard, and to matter! Through telling stories from others' perspectives, we hold up a mirror to our own humanity. The art of theatre is a collaborative art form and teaches more than vocal technique, stage presence, lighting design, etc. This amazing group of students learn life skills that carry through to all other aspects of their lives. I am so proud and honored to create art with them and bring this story to life in our unique way!

Move a mountain. Light the sky

Make a wish come true. There is music in you.

Thank you for supporting the arts and BCHS Theatre  
(and special thanks to Therese for the inspired idea!)

A handwritten signature in black ink that reads "Holly Stults". The signature is written in a cursive, flowing style with large loops and a prominent flourish at the end.
