

Gifts of Stock

You can avoid a tax liability and support Bishop Chatard High School.

Donating a highly appreciated asset may allow you to avoid a significant portion of your tax liability while still receiving a charitable deduction. The gift of an appreciated asset is also a powerful way to support the mission of Bishop Chatard.

How Stock Donations Benefit You.

- A federal income tax charitable deduction when you itemize
- Deduct the full fair market value if you've held the stock for at least one year
- Use your deduction up to 30% of your adjusted gross income; carry any unused deduction forward for up to five additional years
- Avoid paying capital gains tax on all stock donated to Bishop Chatard High School

What is the value of my gift?

Stock gifts are receipted for tax purposes by multiplying the number of shares by the average price of the stock on the day it enters Bishop Chatard's account. The actual proceeds to Bishop Chatard may be higher or lower. *Note*: Mutual funds do not transfer like common stock. Please contact Liz Hoffman, Donor Information Manager, using her contact information below, to donate mutual funds.
