Fiddler on the Roof

APRIL 18, 19, 20 2013

Director's Note

"A fiddler on the roof, sounds crazy, no? But in our little village of Anatevka, you might say every one of us is a fiddler on the roof, trying to scratch out a pleasant, simple tune without breaking his neck."

Tevye's opening line is something all of us can relate to as we persevere through daily struggles. In our ever-changing world full of negative influences, it is sometimes difficult for us to stay true to our traditions. It is through community with one another and maintaining positive attitudes that we realize how blessed we truly are. Knowing we are part of the Bishop Chatard family, a community rooted in our Catholic values, is what helps us keep our balance. Having a sense of humor always helps too.

Each year we hope to teach our students about different time periods, cultures, and dramatic genres. *Fiddler on the Roof* brings our study of Jewish culture and traditions full circle. This year both of our plays allowed students to understand the persecution the Jewish people faced. The hope is that it allowed our students to have greater appreciation for their own families and communities of faith.

I hope you are reminded of these sentiments as you watch *Fiddler on the Roof*. We have had a lot of fun bringing this musical to life. Enjoy the show!
